### EDMONTON REPORT

EDMONTON: Excitement and activity blanketed River Lot 5, Edmonton Settlement, last week. It was caused by 600 young men and women who have spent seven months a year for the last three to six years on its 258 acres.

R.L. 5, is the University of Alberta campus. The 600 were students from every corner of Alberta, who reached the goal in their academic studies this year. They were the university's 1953 graduating class and received their degrees at the publicly-owned institution's 43rd annual convocation.

The solemn ceremonies, which mark the culmination of years of study and also the end of campus life for most graduates, were witnessed by several hundred proud parents and friends in the university gymnasium. Convocation hall, built specially for these affairs, became too small almost a decade ago.

Robed in black and wearing the traditional academic cap, the graduates followed faculty members into the gymnasium and took their seats in front of the platform. University President Dr. Andrew Stewart gave his annual report, stressing the vast amount of research work undertaken by staff members, while Dr. John Macdonald, retired dean of the faculty of arts and science, delivered the main address.

The graduates pledged their loyalty to the university and its ideals and to the nation, then one by one they mounted the platform to receive their scrolls and the congratulations of Dr. E. P. Scarlett, of Calgary, university chancellor, who presides at all such formal functions.

The ceremony was followed by a reception for the students, their parents and friends and in the evening a grand ball was held in the city's largest hotel, the Macdonald.

Preceding convocation the students participated in a whirl of special activities, including a religious service, an informal dance, vaudeville service and a banquet given by the association of former graduates.

They are now ready for their professional careers. They have bowed out of the university scene leaving it to the thousands of undergraduates and taken their places in the ranks of a host of men and women, who have obtained their degrees from the University of Alberta.

Last week's ceremonies were a far cry from that first convocation for the graduating class of 1911, five years after the university was created by an enactment of the province's first legislature. The first classes were held in 1908 in rented premises in one of the city's schools. Later they moved from the first school to the south side of the North Saskatchewan river and it was in this second school, also rented, where the first graduation exercises took place.

The summer of 1911 saw the completion of the first building on the campus. The site of the university had not been chosen blindly. Alberta's first premier and later chancellor of the university, Dr. A. C. Rutherford, selected River Lot 5.

His first view of it took in a level area, covered with poplar and willow scrub. One decayed barn was located there and the whole was "a long way from anywhere."

Today millions of dollars worth of buildings and landscaped grounds mark the university, bordered by several fine residential districts.

That first building, Athabasca hall, contained classrooms and dormitories, but now holds only a small portion of the male enrollment. For Alberta's high school graduates and their parents are realizing the importance of the education and training the university offers.

Dr. Stewart, in his address, pointed out that Calgary and Edmonton provided only 36 percent of the 1952 first year class of 1,151 students. The remainder of the province with 65.5 percent of the province's population, provided 64

Perfect weather was enjoyed on Monday, May 18, for the annual baseball tournament at Champion sponsored by the Champion Baseball Club. Four teams—Vulcan, Champion, Granum and Carmangay—competed for the \$150.00 prize money, with the Granum team defeating Champion in the final game to take top money.

The first game between Vulcan and Champion started at 1 o'clock and was won by Champion by an 8-2 score. Sev Pasoli pitched for Champion with Bud Siler receiving and the Vulcan battery was J. Kohla to McPherson.

The second game, at 3 o'clock, saw the strong Granum nine defeat Carmangay by an 8-2 score. The Carmangay battery was Ganser to Anderson and Granum battery was Matthews to McLeod.

Score in the final game was Granum 9, Champion 4. Scott went the distance on the Granum mound, with McLeod again behind the plate. Smith started for Champion and was succeeded by Jensen, with Siler doing the catching. Siler took the mound to finish the game, with Sev Pasoli taking over the catching duties.

Umpires for the day were Jack Steeves, Cecil Rhodes and Russell Hegland.

The Home and School Association handled the refreshment booth and reported a successful day and the Lions Club ferris wheel proved a popular attraction for the children.

## Track Meet To Be Held in Fall

Highlights of the recent meeting of the County local of the A. T.A. held at the Vulcan school included discussion of the annual Track Meet, with the decision made to hold it in the fall this year rather than in the spring as formerly. A report was given by Mrs. D. Schierman on last summer's Banff Work Shop, which she had attended. H. Ulmer was named to attend this year's Work Shop.

Mr. Ulmer and Mr. F. Burchak who had attended the Alberta General meeting as delegates from this local at Easter time, gave their reports, which were followed by a lengthy discussion. Members from the sub-local served a delicious lunch at the close of the business session.

## Brownies Plan For Enrollments

The First Vulcan Brownies met at the Scout-Guide Hall last Tuesday and plans were made for a Coronation Enrolment program to be held on Tuesday next, May 26 at 7 p.m. Several Tweenies will be enrolled as Brownies and one Brownie will walk up to Guides. Following the ceremonies, pictures will be shown by Miss Dixon of children in Africa, also pictures taken by Miss Valen Pon of the Royal Proclamation in England. All parents are asked to make an effort to be present. Refreshments will be provided by the local Association.

## Keystone Class

Mrs. C. Zahnd was hostess to the Keystone Missionary Class of the Church of Christ recently. The meeting was opened by the president, Mrs. D. Smith, with the singing of a hymn followed by a prayer by Mrs. J. Chapman. Ten dollars was voted to be sent to the "Edwards" in Jamaica and another ten dollars was to be sent to the Alberta Bible College in Calgary. Roll call was responded to by each one present giving a verse of scripture on "Mother". There being 16 members and two visitors at the meeting. After

The home towns of the university's students read like a gazetteer of Alberta's communities, large and small.

A rhetorical question is one which does not require an answer.

Brussel sprouts grow in clumps on a single stem.

The Chateau Frontenac made an imposing background as the Empress of Australia, making her first westbound voyage under Canadian Pacific colors, passed Quebec City on her way up the St. Lawrence River to Montreal. The 19,600-ton vessel was purchased by Canadian Pacific Steamships to replace the Empress of Canada, destroyed by fire at her Liverpool dock last January. She was formerly the "De Grasse" of the French Line. This is the first of 10 round trip voyages between Liverpool and Montreal which this vessel will make during the present season of St. Lawrence navigation.

## Mother's Day At Reid Hill W.I.

The May meeting of the Reid Hill W.I. was held at the home of Mrs. Percy Myers, Thursday, May 14, with Mrs. Clayton MacMillan as assisting hostess. A Mother's Day theme was used throughout the social period. Mrs. P. Bowie, the president, was in the chair and conducted the meeting, assisted by Mrs. Myers and Mrs. MacMillan, secretary and treasurer respectively.

Roll Call was answered with "A Woman in the News Today." Mrs. John French was welcomed as a new member and a splendid attendance of members and a few visitors was in attendance.

A number of cards and letters of appreciation were received and read, from members who had been ill. The list of resolutions prepared for presentation at the Provincial convention was read and those dealing with a request for further aid for the blind and the one requesting more consideration of women for public office, were seconded by the branch.

The branch went on record as favoring County sponsorship of the Vulcan Library, with a delegation to attend a further meeting dealing with this matter.

At the conclusion of the business session the meeting was turned over to Mrs. Ross Walker and Mrs. W. A. Fitzpatrick, who were in charge of the program. An interesting reading on the origin of Mother's Day was read by Mrs. Walker, who also presented an appropriate verses dealing with the same theme. Mrs. Roy Adam and Mrs. Frieda McRoberts delighted the gathering with a lovely vocal duet on "Mother."

Birthday gifts were presented to Mrs. Minnie Walker and Mrs. Carrie McIntyre, and the tea draw was won by Mrs. Norman Scotney.

Presentations of bedding plants were made by Mrs. Fitzpatrick as follows: to the great-grandmother, Mrs. Pete Bowie; to the oldest grandmother, Mrs. Minnie Walker; to the grandmother for the first time, Mrs. F. J. Messenger; to the youngest grandmother, Mrs. Earl Deal; to the youngest mother, Mrs. Carson McKay; to the mother with the most sons, Mrs. L. Healy; to the mother with the most daughters, Mrs. P. Myers; to the mother with the most grandchildren, Mrs. McKay and Mrs. Marshall were tied. Mrs. Bowie was also presented with a plant for having the greatest number of grandchildren, 21.

A most delicious lunch was served by the hostesses. Members are asked to note that Mrs. Ross Walker will entertain the June meeting of the branch, rather than Mrs. Bowie, who was scheduled to take this meeting.

some discussion of business matters, Miss Nettie Ware gave a fine devotional—her subject being on "Burma." The meeting was closed with a prayer by Mrs. J. Deans. A hearty vote of thanks was given the hostess and her helper, Mrs. P. Wiersma, for the lovely lunch served following the meeting. The next meeting will be held at the home of Mrs. Donald Smith.

## Dan McNiven in Canadian Contingent

## Attended Coronation of King Edward VII in 1902

As the coronation of Queen Elizabeth draws nearer, it is interesting to note that at least one Vulcan district resident was at the coronation of the Queen's grandfather, Edward VII.

Dan McNiven, pioneer farmer of the district north of Vulcan, and for many years a councillor of the former Municipal District of Vulcan, was one of the contingent representing Canada's armed forces at the coronation of Edward VII in London on June 26, 1902.

At that time a young man of 21 Mr. McNiven was one of the two men of the 77th Infantry Regiment (Active Militia) of Westworth County, Ontario, chosen to represent that unit at the coronation.

He recalls that the men chosen for the Canadian contingent had to be between 5 ft. 10 inches and 6 ft. in height. The men had to buy their own uniforms for the occasion and as a result, he says, there were hardly two men in the whole Canadian contingent dressed alike. Despite this, however, a picture of the Canadians in London shows them to be a fine-looking body of men. The picture shows the entire Canadian contingent drawn up on a London street and in front of an immense specially-built arch which proclaimed Canada as "The bread-basket of the Empire." A portrait of Mr. McNiven taken at that time shows a fine-looking young soldier in scarlet uniform. He was the youngest member of Canada's armed forces contingent attending Edward VII's coronation. The Canadian government representatives in London for the event were headed by Canada's famous prime minister of that day, Sir Wilfrid Laurier.

As a further souvenir of the occasion, Mr. McNiven still possesses the Coronation Medal awarded him at the time as a member of the Canadian contingent. The bronze medal, with red, white and blue ribbon, bears the likeness of King Edward VII and the date June 26, 1902.

Mr. McNiven had first come west, as far as Winnipeg, in 1901, but had returned to his home in Ontario the same year. In 1903 he again headed for Winnipeg and worked with a survey party for the Grand Trunk Railway and in 1905 came to Alberta, taking up a homestead 20 miles east of High River.

At that time, he recalls, Vulcan consisted of a livery stable and three other buildings. This part of the country was just being opened up to homesteads then and settlers had to haul their supplies from Nanton or High River.

Now hale and hearty in his 73rd year, Mr. McNiven still lives on his place 14 miles north-west of Vulcan and takes an active interest in farming.

Water will boil at the top of Mt. Blanc at 84 degrees Fahrenheit.

Now plans have been laid for closing during the summer months with a Daily Vacation Bible School to be held May 26 to 30 each morning from 9:30 to 11:00. The teachers will be two Alberta Bible College students, Miss Mae Koe and Miss Elsie Banting. The theme of the course will be "Jesus and His Friends" with missionary stories being told each day on India and the Tom Rash children—Steve, Sheryl and Karen as the little

## Will Be in Vulcan June 2

## Highlander Pipe Band To Lead Coronation Parade

The full Regimental Pipe Band of the Calgary Highlanders will lead the Grand Parade at the Vulcan Coronation Day program, on Tuesday, June 2, and will give a Band Concert during the Community Picnic held at noon, according to a report confirmed this week by Major R. C. R. Munro, Officer Commanding "A" Company of the Calgary Highlanders (Reserve).

This added highlight rounds out what promises to be a very effective and inspiring Coronation Day program. Starting with a Church Parade at the Vulcan Armouries at 10:30 a.m. a full day is planned. The Church parade, arranged by the Vulcan Ministerial Association, will have as its theme "Defender of the Faith." This will be followed by a Grand Parade of School children from a wide area, Cadets, Guides, Brownies, Scouts, Cubs, etc., led by the Calgary Highlanders Regimental Pipe Band and two or three platoons of "A" Company. Each child in the parade will be given a small flag, and at the conclusion of this parade will be addressed by Rev. J. S. Clarke of Vulcan, on a patriotic theme.

A community picnic is scheduled from 12:00 till 2:00 with free coffee and soft drinks being provided. A band concert will also be given during this period by the Calgary Highlanders Regimental Pipe Band.

At 2:30 the first free show for the children will be held at the Vulcan Theatre.

A highlight of the afternoon will be a baseball game between the Champion and Vulcan High School teams at 3:00 p.m.

The second showing of the free show for the children will be held at 4:00 p.m.

The Boy Scouts will light up a Mammoth Beacon Fire at sunset as one of a chain of Beacon Fires across Canada.

The day will be wound up with a big dance at the Vulcan Armouries with continuous dancing from 10:00 until 1:00 to music supplied by Frank Little's orchestra. As there is no admission charges during the day, it is hoped that the dance at night will defray the day's expenses.

The Committee in charge of the program, is composed of representatives from all the organizations in the Town of Vulcan, and they stress that everyone is welcome, rather urged, to attend, and to be sure and bring the children.

## C.W.L. Discusses Summer School

(Contributed) The May meeting of the C.W.L. was held at the home of Mrs. Mary Leon with 20 members in attendance.

Plans were made to prepare and serve dinner to the clergy who will attend the deanery conference held in the parish hall May 20.

There was much discussion concerning a summer school to be held here for a possible two weeks in August. Mrs. Nora Bakken, Mrs. Catherine Schmaltz and Mrs. Kay Peard offered their homes as possible residence for the Sisters who will instruct. It was decided however that the housing of children who wish to attend be the parents' concern as there will be no accommodations in the church hall.

It was reported that so far only one parcel has been received for the Creche in Calgary. Any clothing for the needy children there, will be greatly appreciated by the Sisters, and surely there must be baby necessities around many homes that won't be needed again. Mrs. Bakken has kindly consented to see the articles delivered, so let's all see what we can find for these not-so-fortunate wee ones. The meeting was concluded by a tasty lunch served by the hostess assisted by Mrs. Ethel Grondin. Mrs. Leon, as hostess, selected the name of the tea raffle winner, and to the amusement of all drew her own name.

The next meeting will be held at the home of Mrs. Kay Peard on June 11.

missionaries. The offering received will go to these children. Any child from the age of 3 to 6 is more than welcome to attend this school. Plans are laid for a demonstration program of the children's work on Sunday evening, May 31.

## Rain Again Delays Seeding

Perfect weather prevailed over the holiday weekend and good progress was made throughout the district in getting the crop seeded. Rain Tuesday night and again on Wednesday brought all farming operations to a halt, however.

In the immediate Vulcan area seeding is estimated to be about 70 per cent completed. Farther east, and in the Lomond and Milo districts, reports indicate that it is about 50 per cent done and the same situation prevails in the north district, centred by the Corner Store. South, in the Champion-Carmangay area, seeding is estimated to be 85 to 90 percent completed.

About the same acreage as last year is being seeded, with possibly some additional stubble.

## Elks Now Sponsor Baseball Team

The Vulcan Elks Lodge has this season taken over sponsorship of the Vulcan baseball team and the team will now be known as the Vulcan Elks.

Ken Loucks has been named manager and Frank Hess coach.

The perennial weakness in the pitching department is again plaguing the team and it is possible a pitcher and catcher combination may be imported for the season.

The team is a member of the combined Foothills-Wheatbelt League and the first scheduled league game at Vulcan will be held on Wednesday evening, May 27, when the Champion team will be the visitors. Tickets for league games are now on sale and the generous support of the public will be appreciated.

## Receives Degree At Convocation

Donald Ross Giles, son of Mr. and Mrs. A. A. Giles of Vulcan, received his Bachelor of Science Degree in Agriculture at the Convocation Exercises at the University of Alberta on May 14.

He attended high school at Marwayne and Kitchico before going to the Vermilion School of Agriculture.

While at the University he was a member of the Mixed Chorus and majored in Animal Husbandry.

## Regular Meeting Good Deeds W.I.

Mrs. Allan Wylie was hostess to the members of Good Deeds W.I. for the May meeting. Mrs. R. S. Irwin was welcomed back as treasurer with Mrs. H. McMaisters consenting to take the office of secretary for the balance of the year. Mrs. McMaisters was appointed delegate to the Provincial Convention at Edmonton, and Mrs. C. Denison to the Constituency Conference at Champion.

The District Home Economist, Miss Lilian Popoff, is to address the meeting in June at Mrs. H. McMaisters home in Nanton.

Roll call was answered with the reading of Mothers' Day verses and poems. A fruit and vegetable contest was won by Mrs. H. I. Montgomery, the prize being a car nation corsage.

The program for the afternoon consisted of a "Slip and Bloomer Sale" with Mrs. Bob Hutton, a guest for the afternoon, auctioning off a varied assortment of house plants and garden flowers for transplanting. Under Mrs. Hutton's enthusiastic management the sale brought in \$11. Each slip and root was numbered as sold, and the lucky one, bought by Mrs. H. McMaisters, also included a bouquet of Snapdragons and Carnations. A hearty vote of thanks was given to Mrs. Hutton for her part in presenting an enjoyable and successful program.

The afternoon closed with a delightful tea served by the hostess, assisted by Mrs. C. Brown and Mrs. O. Mosby.

### Free Freight on Feed Grain

In the critical war year of 1941 when Great Britain was cut off from her usual sources of meat, dairy and poultry products on the continent of Europe, Canada was called upon to supply much of the deficiency. To encourage such production in eastern Canada and British Columbia the Canadian government undertook to pay the freight charges on feed grains from Fort William to eastern Canada and from Calgary and Edmonton to British Columbia. Although the situation has changed completely in the past 12 years the free freight policy on feed grain is being continued. The cost from 1941 to the end of 1952 was around \$180 million.

The main reason the policy is being continued so long after the war is a political one. If the policy was abandoned feeders in eastern Canada and British Columbia would have to pay more for their feed grains. The average subsidy is about \$7.55 a ton which works out to about \$2.80 a hog or \$1.80 per cwt. dressed weight.

In addition under the federal hog premium policy payments have been made totalling \$65.8 million since 1944 equivalent to about 90 cents per cwt. of dressed hog.

Thus, at the present time hogs produced in eastern Canada receive a combine of freight assistance and premium benefit of \$2.70 per cwt. while hogs produced in the prairie provinces receive 90 cents per cwt. premium benefit.

Producers of oats and barley in the prairie provinces have benefitted by the free freight policy to the extent that their market outlet has increased. If the policy was discontinued livestock production would decline in eastern Canada because of the higher cost and would likely increase in the prairie provinces. From the standpoint of pure economics western feed grain should be fed to livestock on western farms.

Any political party who would come out in opposition to the free freight on feed grains policy would be very unpopular among the farmers of eastern Canada and British Columbia. It may therefore be assumed that this policy will be in effect for many years to come. —Brooks Bulletin.

### Just Bad Manners

Too often cases of highway accidents are attributed to "vehicle out of control", an expression that appears to exonerate the driver. A more accurate description, according to Minister of Highways Doucett, would be "driver out of control."

In 1952, Mr. Doucett has said, the lives of 1,010 persons "were snuffed out in traffic accidents, most of them avoidable," to that number killed in Ontario, must be added 23,634 persons injured, most of them seriously, and the cause in most cases was "rudeness, arrogance, lack of good manners, failure to display ordinary decency and common sense—here we have the causes of most accidents."

The personal factor has long been recognized as a contributory cause of accidents but this is probably the first time that a public official has gone so far as to lay the blame squarely on "bad breeding, lack of training". The initial responsibility, he adds, rests with parents.

"We must go back to three places," Mr. Doucett declares, "the home, the church and the school. We must have an aroused public mind. We should have on our streets and highways the same sense of courtesy that is expected in the drawing room."

The teacher was conducting a grammar lesson on the first day of school and had written the following sentence on the blackboard: "I ain't had no fun this summer."

"What should I do to correct this, children?" she asked.

Little Mike, the sage of the class, blurted out the solution: "Get yourself a boy friend."

## Can you rent money?

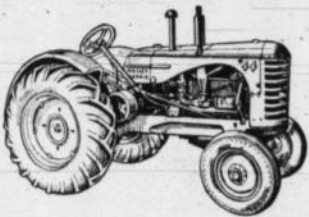

Of course you can! Money can be rented to individuals in the same way it is rented to government or business concerns. The same way you rent a home, a rowboat, or a bicycle.

Consumer finance companies are in business to rent money to help solve temporary money problems. The Canadian government, in turn, has established a maximum rental that may be charged to borrowers. The borrower is further protected by having the payments stated in his contract, and the amount he has to pay clearly understood.

Because Household Finance rents money to help people to help themselves, we have always charged the lowest possible rates consistent with sound business practice.

As a result, today we are Canada's largest consumer finance company, serving more men and women than any other company in our field.

Mr. and Mrs. Woelfle of Schuler, Alberta were guests at the home of Mr. and Mrs. Andy Schaffer.

Mr. and Mrs. Andy Schaffer spent Sunday in Medicine Hat at the home of Mr. Woelfle who was celebrating his 74th birthday.

The regular meeting of the Carmangay Home and School Association will be held on Wednesday, May 27 instead of the 26th as planned.

Friends of Mrs. Truesdale will be glad to hear that she has been released from the local hospital and is staying with friends in Lethbridge.

Mr. and Mrs. Harvey Robertson were visitors in town for the long weekend.

Carmangay High School boys and girls played Milo teams on Friday. The games started around six o'clock. Scores were 11-1 for Carmangay boys and 34-10 for Carmangay girls.

The next game will be at Vulcan on the 29th of May.

**Town Auxiliary**  
The Town Hospital Auxiliary met on Thursday, May 14 in the nurse's home. There were 10 members and two visitors present. Mrs. R. Moore presented the hospital with a check for \$25 to be used as they see fit, from the Social Credit group.

The redecoration of the nurses' home was viewed by those present and found to be very nice. Plans were made for the annual tag day to be held on May 30.

### Social Credit

Ladies of the Social Credit group met at the home of Mrs. Lund on Wednesday, May 13. There were 13 members and two visitors present. It was decided to give a donation of \$25 to the Hospital Auxiliary for use in the hospital.

The raffle was won by Mrs. Mary Wilkinson.

The next meeting is to be held at the home of Mrs. Bill Moore.

### C.L.A.S.

Ladies of the C.L.A.S. met at the home of Mrs. West. There were eight members and two visitors present. The meeting opened with a prayer. Plans were made for a picnic to be held at Park Lake on the first Sunday in June.

Roll call for next month is to be one towel and two wash cloths with fancy work done on them.

Lunch was served by the hostess.

The Catholics in the community will be glad to know that the school we bought is now being used as a church. Father Lebel of Lethbridge comes up on the first and third Sundays of each month. First Sunday Mass is at 9:30 a.m. and third Sunday Mass is at 11 a.m.

Christie Plourd was a patient in the local hospital last week when he had his tonsils removed.

Mr. and Mrs. J. Huba motored to Montana for four days this week.

Mr. and Mrs. W. Nielson, Mr. and Mrs. W. Sparks and Mr. and Mrs. A. Baldwin were Lethbridge visitors on Saturday where they attended the wedding and reception of Dr. and Mrs. Alvin McKenzie.

# FORD

CRESTLINE VICTORIA

The best way to measure Ford's dollar-for-dollar value is to compare it feature-for-feature with other cars that cost as much or more. We think you'll be surprised at what you'll find. For example, you'll discover that Ford's Strato-Star 110-Hp. V-8 engine is the kind of engine you've always associated with the most expensive cars... that it delivers the kind of power and smoothness you never hoped to find in a car that's priced as low as Ford. When you try out Ford's relaxing "Wonder Ride" you'll sense that "big car" feeling that's so satisfying to a driver. When you take into account Ford's choice of Fordomatic\*, Overdrive\* or Synchro-Silent transmission—and realize how many attractive extra features Ford includes... well, then you'll understand why more and more motorists are making Ford their new first choice!

## Milo News

After having a whole week of beautiful weather when there was hardly an excuse for a complaint the seeding operations have been going forward by leaps and bounds. Of course there are still places that have to be left, around sloughs and through water runs but for the main part everybody is doing something in their fields any way.

A Stanley party was held at the home of Mrs. John Papp last week at which 15 ladies were guests. The party was in charge of Mrs. Lou Hempel of Calgary and she led the ladies in some mirth provoking games. She then told the Stanley story and demonstrated her products. After which a lovely lunch was served by the hostess.

A Home and School meeting was held last week at which new officers were elected for the coming fall term. President, Mrs. Fran Bertrand, 1st vice president, Mrs. Spokes, 2nd vice president, Mrs. Norman McCord, Secretary, Vi Carson and treasurer, Mrs. Russell Glaze.

Granny Burk celebrated her 76th birthday last week when her daughter Mrs. Clarence Umscheid gathered all her grandchildren and great-grandchildren around her except one granddaughter Lois and her two children who live in Portland, Oregon. Many happy returns of the day Granny.

The regular meeting of the Lutheran Ladies Aid was held at the home of Mrs. Harriet Deitz with a very large attendance. A life time membership was presented to Mrs. A. Smith who has worked with the Aid for many years. Discussion was held concerning the coming conference in June in Edmonton of the W.M.F. Delegates are wanted to attend this convention but none were named at this meeting. The next meeting will be held at the home of Mrs. Rose Greaves.

A very large miscellaneous show was held for Sandra Smith at the home of Mrs. Jack Deitz. The presentation of the gifts on behalf of those present were made by Lorna Umscheid while Mrs. Jack Deitz presented Mrs. Smith with a gift of money on behalf of her friends and neighbors. Sandra left the community Saturday night and plans on spending some time in Cluny visiting with her fiancé's parents and then going on to Calgary where the wedding will take place.

A farewell party was held for Mrs. Smith who is leaving the community and for Mrs. Laura Sutherland who is soon to go to England. The event took place in the home of Mrs. Vic Bertrand. A presentation of coronation brooches were made to both of the ladies and Mrs. Smith also received a silk scarf and gift of money. She thanked the ladies sincerely. She plans on spending some time in Victoria with her sister and then taking up residence with her daughter Mrs. Barret when the latter together with her husband arrives home from South Africa where they have resided for the past two years.

Don Koobe had guests for the long weekend when his parents and brother from Saskatchewan arrived to spend a few days with him. Mr. and Mrs. Tom Clark lent him their house to entertain his guests in as they went away for the holidays. His folks drove out for him the new car that he had bought so watch the dust fly over Milo now.

Mr. and Mrs. Chapman endeavored to keep the youngsters off the streets Saturday night and in so doing gave them a very delightful evening. Games were played and all of them seemed to have a lot of fun. A lunch was served and next week a hay ride is planned with a weiner roast at the lake if the weather permits.

The Milo Masonic Lodge was instituted in the I.O.O.F. hall on May 16. Grand Lodge Officers present were M.W. Bro. Harry E. Howard, Grand Master of Calgary; R.W. Bro. D. D. McQueen, DDGM of Vulcan and the Hon. Peter Dawson, Grand Chaplain of Champion. Approximately 50 members and visitors partook of the luncheon catered to by the Milo United Ladies Aid preceding the meeting.

(Held Over From Last Week)

One night recently Ethel and Doris Heather decided to go to Calgary and return the following night. Well as you all know, it was early Friday morning that it began to rain and there was probably more moisture precipitated in those few hours than had fallen all last week during that session. Now the full purpose of the trip is not known and after they got back the only visible evidence of any accomplishment was a pair of red shoes that Ethel had. Anyway rain or not, they knew that there was a dance at Liberty and they were going to come home. Now did they start in good time so as to be home before dark? Perish the thought. After the shoes were bought, they had to go to a show

so that it was seven o'clock if you please on a rainy night before they started about a 95 mile drive over, to put it mildly, muddy roads. Everything went fine until they started across the Indian reserve. On the first bend up the river hill something went wrong and they ended up leaning against the hill in a very disorderly fashion. Doris couldn't get out of the door because the hill seemed to be in the way but she opened the window and climbed out. To all appearances they were tightly stuck in a very sticky, gooey, mucky, gumbo. Now most women and some men would have thrown up their hands given it up as a bad job and gone for help, even if the nearest help was clear back to Cluny. But nothing with four wheels and a motor and a Ford name was going to get the best of Doris Heather, so tucking her skirt into her unmentionables, she got out the chains and started to put them on. But oh brother, her troubles hadn't even started yet. Somehow the fasteners that are supposed to hold the chains in place weren't there, and what was worse even though there was some hay wire (it was a farmer's car so of course there was some hay wire) they didn't have even a pair of pliers to cut it with, and had to use scissors. Alf was certainly lucky to be absent about then. Doris said she was almost mad enough to chew it off but she didn't want to break her teeth. Well in a fashion they got the chains on, Ethel standing by supervising with her red shoes built up to about three times their right size with that mucky mud. They crawled back in the car and gave her the guff, the wheels spun about four times and then the chains flapped and caught up and they were off. What is more, they found John Papp farther on stuck as tight as he could be stuck but they got to the dance in plenty of time for supper. It's a good thing the dance turned out to be a good one, isn't it?

Eliminate Accidents

Surveys have shown that the accident rate increases alarmingly during the spring season. The tractor is the worst offender, says C. A. Cheshire, Extension Engineer, Alberta, Department of Agriculture, but practically all tillage, seeding, or cultivating equipment can be dangerous when not properly handled. This year, keep safety in mind during the rush of spring work, he advises. Ten of the more obvious safety rules are listed here.

1. Don't let children operate tractors—It's a man sized job and a man sized machine.

2. Never allow youngsters—or even adults—to ride as passengers on the tractor. There's only room for the operator.

3. Keep away from soft ditch banks or steep side hills. For work crosswise of the slope widen the tractor tread to its maximum.

4. Slow down and keep the wheel brakes locked together. Road gear and individual wheel braking makes a lethal weapon on a tractor.

5. Stop your tractor before refuelling.

6. Keep power-take-off shields in place.

7. Never operate the tractor clutch from the ground—use a hook to hitch that implement from the tractor seat.

8. Stop to adjust the machine you are pulling.

9. Don't wear loose or ragged clothing near any machine.

10. Never operate a machine while drowsy—stop and take a nap, then work refreshed.

Remember, the operator has to do the thinking not only for himself but for his machine as well. Results may be tragic if his thinking isn't clear.

## SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

On Thursday, May 28 there is to  
be a field day held at the Village  
of Brant. This Field Day is being  
arranged by the Alberta Depart-  
ment of Agriculture with the as-  
sistance of the County of Vulcan  
Agricultural Service Board, and  
will be a farm machinery tillage  
demonstration, this is to take  
place at 1.30 p.m. in a field across  
from the school grounds.There will be two representa-  
tives from the Dept. of Agriculture  
as well as Hugh Michael, District  
Agriculturist and it is expected  
that these men will be of assist-  
ance in explaining the practical  
application of some of our modern  
Agricultural farm machinery. We  
will be very grateful to the local  
farmers who have kindly consent-  
ed to loan the various farm ma-  
chines for the afternoon.

We hope to have a good turnout

so do not forget the day, Thurs-  
day, May 28 at 1.30 p.m.

## Edmonton Report

EDMONTON: Try and recall  
when the work of the home and  
school association first came to  
your attention. Possibly it was five  
or six years ago. Most probably it  
was not 22 years ago.Yet, the Alberta Federation of  
Home and School Associations In-  
corporated held its 22nd annual  
convention here last week with  
more than 300 delegates attending  
from all over the province.Seeking information behind the  
scenes at the convention we found  
that membership in local associa-  
tions has more than doubled in the  
past four years. There were 10,000  
members in 1949. Today, associa-  
tion officials claim 23,000 members  
in 420 locals, more than 75 per-  
cent of the locals being in towns  
and villages.Phenomenal growth of the asso-  
ciations in the past few years was  
attributed to the increasing work  
of the federation's extension  
branch, responsible for holding  
conferences throughout the pro-  
vince during the year and helping  
to organize new locals.Said Mrs. Clare Boalch, Calgary  
retiring president: "There has  
been more growth recently in the  
rural areas than in the cities.  
Most of the organizations are lo-  
cated in towns and villages, but  
the consolidated school districts  
are bringing memberships from  
farm families, too."For the beginnings of these as-  
sociations we must go back to the  
middle of the 19th Century in  
England, where the writings of  
Charles Dickens about school con-  
ditions resulted in the formation  
of mothers' Unions.Coming down to 1914, we find  
the first Mothers' Club in Alberta  
being formed by a Calgary teach-  
er, Miss Willets. The first pres-  
ident was Mrs. A. M. Curtis, now  
honorary life president of the pro-  
vincial federation.Growth of other clubs was slow  
and it was not until 15 years later  
that the provincial federation was  
organized with the late Dr.  
G. W. Kerby as president. Two  
years earlier the Canadian Federa-  
tion of Home and School and  
Parent-Teacher Associations was  
formed as well as an international  
organization. Along about 1946 the  
Alberta federation was incorporat-  
ed.With its vast membership be-  
hind it, the federation and the lo-  
cal associations speak with author-  
ity on school and community mat-  
ters. That its value has been re-  
cognized is shown by its two-man  
representation on the provincial  
education department's general  
curriculum committee. Officials of  
the department were in constant  
attendance at the convention, list-  
ening to the resolutions and offer-  
ing suggestions when called upon.Hon. A. O. Aalborg, minister of  
education, in a printed message to  
the meeting commended the fed-  
eration for "bringing about better  
understanding and harmony amongparents, teachers and school  
boards". He called upon the locals  
to urge one additional high school  
graduate in their district to take  
teacher training this year in an  
effort to fill the teacher shortage.In following the federation  
creed of belief in the promotion of  
the welfare of the child in the  
home, school and community; the  
first-hand knowledge of school  
conditions and the provision of  
good teachers and school equip-  
ment, the locals have turned their  
resources in many directions.Reports of the rural locals show  
that with funds raised by teas,  
whist drives, movie films, cooking  
sales, dances and numerous other  
activities, they have purchased  
considerable athletic and educa-  
tional equipment and provided  
scholarships for students in their  
schools.They take an interest in the  
health services provided for school  
children, school libraries, grants  
and text books and their opinions  
on these matters are heard and  
heeded in the province's school  
boards and department of educa-  
tion.The increasing number of asso-  
ciations, Dr. W. H. Swift, deputy  
minister of education, said, "clear-  
ly" shows the power for growth in-  
herent in the home and school  
movement."A Queen Consort is the wife of  
a reigning king.
